

THE EVOLU TION OF CON TINUOUS INNO VATION

 PREMIUM LUMINAIRES 2022

SHINE PREMIUM LUMINAIRES
CATALOG NOV 2022

Dreams never cease and
neither do our innovations
in lighting.

Light creates an effect.
It is one of the components
of nature that results in
an ecstatic feel
and elated mood.

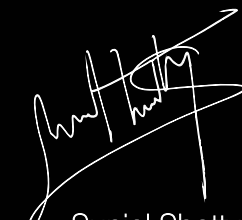

All for promoting extra vagance for all

I believe in constant progression and GM in constant innovation. And this thought coming from a similar viewpoint qualifies us to be a powerful team.

With starting a new phase of luxury, which focuses majorly on granting extravagance to all, GM introduces splendid products that intensify the experience of comfort and propagate the idea of exceptional convenience. With making high-end comfort accessible to all, GM breaks the boundaries of class and sets a new standard of improved luxury that can be witnessed by all.

On behalf of GM, I therefore, proudly invite you to experience this positively changing experience of luxury, and be a part of our revolutionary journey.

Light that sets its priorities straight

The GM light of infinity has no end to its utility and creativity. It can extend its reach as per your demands, thus giving priority to your interior designing style and personal lighting preferences.

The linear vertical light is the new way to light up your ceiling. Made with premium aluminium, the slim light stretches across the ceiling horizontally or vertically. The unique ceiling light, although appears not to be touching the ceiling, has a sturdy fit on the sides. It illuminates the space with just the right amount of light and fits perfectly with your lighting preferences.

Lights that
are incredibly
creative

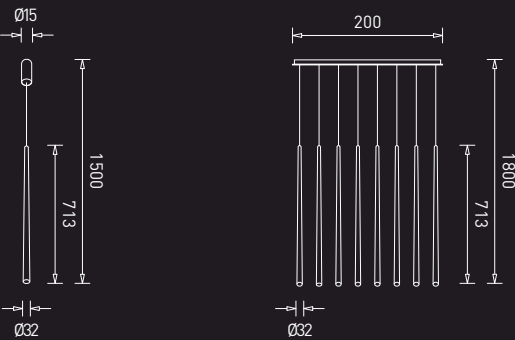

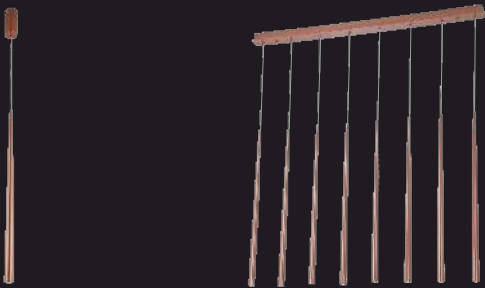

Instrumental in good lighting

The new GM lights with a sleek vertical body amazes with its artistic appeal. It not only draws attention of the individuals with its unique structure, but also enchants with its creative lighting style.

As much as we love innovation, in the same way, we love to create designs that are spectacular and functional in all possible ways. We love how innovatively this new vertical light will impact your interiors. The lustrous body is made of aluminium that guarantees sturdy form and adds both textures & layers to your space.

WALL LIGHTS

PRESENTING GM WALL LIGHTS THAT ADD A STYLISH TOUCH TO YOUR CEILINGS OR WALLS. ADJUST YOUR HOME'S WALL LIGHT FIXTURES TO SATISFY A RANGE OF LIGHTING NEEDS. THE LED WALL LIGHTS WITH HEAT SINK DESIGN ARE SLIM AND OUTPERFORM THE FLUORESCENT BATTENS.

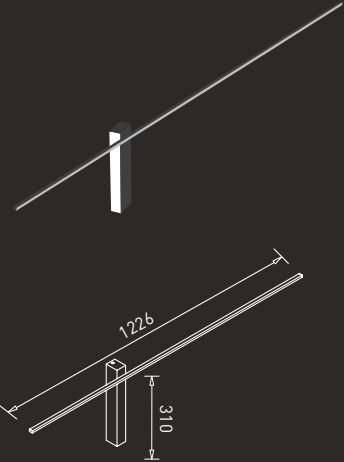

Exemplifying harmony
between music and light

While music revives the senses, light adds to the process of rejuvenation.
The two intend to fulfil a similar goal which are mood upliftment and
relaxation, thus showcasing true harmony.

The slim and linear structure of the wall lights propels soothing dim and even lighting. It can be set to any position that suits your decor quotient and gives customization a new dimension. The vertical slim lights are available in classic shades of black and white.

The power of
quality & radiance

Down lights are all-purpose lighting fixtures that provide general lighting in a specific area. GM makes sure that these lights are manufactured using up to the mark resources. The down lights have a sturdy body and disperse radiance in every corner.

The exquisite crome down lights emphasise the notion of less is more. They provide beauty and grace to your interior spaces, making them suitable for passageways, attractive corners etc. The lights provide remarkable convenience because they are both stylish and functional.

Making your exteriors bright

Buried ground lights have a wide level of use, from lighting the facade of a building to illuminating any outer space of your garden or backyard. Although these lights are ground-mounted, they are safe and create an aesthetically pleasing atmosphere.
